**SHORT TERM INTERNSHIP PROGRAMME 1-2 MONTHS (BTech and Mtech)**  
Structural/ Geotechnical/ Construction management

**GENERAL TERMS FOR TRAINEES**

- The internship programme can be taken by online /offline.  
If offline is preferred, then time schedules have to be adjusted based on the office requirements. Usual time slots will be shared based on demand.
- Training is offered in the field of Structural, Construction Management and site visits are also allowed as part of the internship.
- Pre booking is needed for joining.
- Training period is limited to 1-2 months.
- A group of 15 students from same college can form a group. If below, then group will be formed by adding others.
- A fee of Rs.6000/head is chargeable for B-Tech students for 1-2 months.
- A fee of Rs.7000/head is chargeable for M-Tech students for 1-2 months.
- Rs.4500/head need to be paid as advance for booking the seat.
- GST will be included in the above-mentioned charges.
- Different batches may start at different dates.
- Seats are not confirmed without advance payment.
- It is essential that students/trainee come with Wi-Fi enabled laptop (minimum i5 Processor and 16GB RAM), software's like AutoCAD, ETABS, Team Viewer and other necessary drivers and software installed in it. You can get 3 months free license for students from respective companies. We can only provide software developed by us like aadspro, estimax, aadsproerp, etc. ., It can be downloaded from [www.aadspro.com](http://www.aadspro.com).

- Basic knowledge of engineering subjects in which you want to do the course, AutoCAD and Staad/Etabs as part of college syllabus is expected from the trainee. Those who do not have the same has to postpone their course to a future date after practicing the same. You may ask for counselling to know your status to guide you better, or we may do the same to advise you.
